

# Water Harvesting and Reuse

## Reduced Car Park Availability

**Monday 29 November 2021 through to 1 December 2021**

Willoughby City Council are conducting investigations into a new recycled water tank under the carpark of Willoughby Leisure Centre.

These works play an important role of providing future water security and resilience for the residents of Willoughby City Council.

Investigation works are planned from **Monday 29 November 2021 through to 1 December 2021**

The works will impact the car park as per below image,

We thank you for your patience for any interruptions caused by these works.
